Dynamic Hard Hats Replacement Suspension

Product information

The Dynamic 4-point nylon replacement hard hat suspension is designed to restore the fit and adjustment system of compatible Dynamic hard hats. Its quick-release design, adjustable height and SURE-LOCK wheel ratchet support secure, comfortable positioning for all-day wear.

Best used for:

- Replacing worn suspensions in specified Dynamic hard hat models.
- Users requiring adjustable fit across hat sizes 6.5 to 8.

Product benefits:

- Four-point quick-release suspension enables dual-position height adjustment.
- Double-layer woven nylon straps provide durable, secure support.
- Padding cushions the brow, crown and back of the head.
- Non-slip SURE-LOCK wheel ratchet enables straightforward fit adjustment.
- Fits compatible Dynamic 280-HP241R through 280-HP1041R hard hats
