

Eye Clevis Shortening Hook Cartec CDFX

Product information

Eye clevis shortening hook CDFX designed for grade 100 lifting applications. Features an integrated shortening function that allows precise adjustment of chain length in sling assemblies. The eye connection ensures easy attachment to master links or other components, while the clevis design provides secure chain engagement. Built from high-strength alloy steel for durability and reliability in heavy-duty environments such as construction, industrial rigging, and material handling.

Material: Alloy steel

Marking: CE-marked

Temperature range: -40°C up to +200°C without reduction in WLL

Finish: Powder coated

Safety factor: 4:1

Grade: 10
