

Connecting Link Cartec CLX

Product information

Connecting link CLX grade 100 designed for secure assembly of chain slings and lifting components. Provides strong, reliable connection between chains, master links, and hooks. Precision-forged for optimal load distribution and durability.

Features:

- Grade 100 strength for heavy-duty lifting
- Secure connection between chain and fittings
- Available in multiple sizes and WLL ranges

... [Read more](#)

Material: Alloy steel

Marking: CE-marked

Temperature range: -40°C up to +200°C without reduction in WLL

Finish: Powder coated

Safety factor: 4:1

Grade: 10

Connecting Link Cartec CLX
