

Clevis Self Locking Hook Cartec CRFX

Product information

Clevis self-locking hook grade 100 for chain sling assemblies, engineered to lock automatically under load for secure, accident-resistant engagement. Direct clevis connection enables quick attachment to chain without a coupling link, supporting durable, heavy-duty use.

Features:

- Self-locking latch closes automatically when load is applied, helping prevent accidental opening.
- Clevis head attaches directly to chain for streamlined sling builds (no coupling link needed).
- Grade 100 construction for high strength in demanding lifting tasks.
- Available in multiple sizes and WLL ranges

Marking: CE-marked

Safety factor: 4:1

Grade: 10
