## Lashing Chain LSP with Slip/Grab Hooks Grade 70

### Product information

Grade 70 chains are extremely strong for their light weight and are mainly used for loading on platform trucks in the transportation. They are also widely used on farms, for logging, for towing and in construction. The ratio of great strength versus weight of Grade 70 chains is achieved through special heat treatment. They resist wear thanks to their exceptional hardness properties.

**Material:** Carbon steel

**Marking:** "C7" embossed chain

**Finish:** Yellow chromate conversion coating

**Note:** Can be supplied in assembly with latch hooks at each end

**Warning:** Not for lifting
