Lashing Chain LSP with Slip/Slip Hooks Grade 70

Product information

Grade 70 chains are extremely strong for their light weight and are mainly used for loading on platform trucks in the transportation. They are also widely used on farms, for logging, for towing and in construction. The ratio of great strength versus weight of Grade 70 chains is achieved through special heat treatment. They can resist to attrition thanks to their exceptional hardness properties.

Material: Carbon steel

Marking: "C7" embossed chain

Finish: Yellow chromate conversion coating

Note: Can be supplied in assembly with latch hooks at each end

Warning: Not for lifting
