Wire Rope Sling Eye-Eye LSP

Product information

Wire rope slings with eye–eye configuration are manufactured from high-quality 6x26 bright wire rope, offering excellent strength and flexibility. Designed for reliable lifting and rigging applications, they provide secure load handling and durability in demanding industrial environments. The reinforced eyes ensure safe attachment to hooks and lifting equipment, making them ideal for general lifting operations.

Features:

- Manufactured from high-quality 6x26 bright wire rope
- High strength and excellent flexibility
- Eye–eye design for easy and secure attachment
- Reinforced soft eyes for durability and safety
- Suitable for general lifting and rigging applications
- Good resistance to abrasion and mechanical wear
- Reliable performance in industrial environments
- Compatible with hooks, shackles, and lifting hardware
